Delete paragraph 14.2 l (baggage train).

The Old Park variant is offered as an historical set up. However, exact locations of each combatant are not known and the set up list in section 14 is only a general guide. The player is encouraged to use his judgment if there are questions of placement and to experiment with dispositions in game play.

Suggestions for these commanders:

Place Tiercelin with or near Tiercelin cavalry (see 14.2 f).

Sissone can be located with or near Sissone artillery (see 14.2 b).

14.2: Place Langmantel anywhere near French units.

14.3 a) Garrison of Pavia

De Leyva Commander

All De Leyva units

14.3 d) 6 infantry and 4 landsknecht

14.3 e) 4 infantry and 6 landsknecht

The word "infantry" generally refers to all foot except harquebusier units.
