

THE LION OF KHARTOUM

GORDON'S LAST STAND

RULES ERRATA AND CLARIFICATIONS

As of Oct 27, 2020.

- **Clarification:** You have no obligation to deploy all your available units on the map when setting-up Defensive Positions (6.7). You can keep some of them in the Available box.

Designer's Note: it would be tempting to leave some of your units out of harm's way in the Available Box and it is always a good tactic to keep some reserves. However, you should remember you would also have to position enough forces to prevent the Banners from advancing too easily. Knowing when to trade space against time and when to hold your ground will be the key to victory.

- **Clarification:** You cannot deploy units on the map in more than one Area on each Banner path.
E.g., The Black Banner is in Area 3 (Fort Mukran). You can deploy your units in Area 2 or Area 1 of the Black Banner Path but not in both Area 2 and 1.
- **FAQ:** How does the Relief Force Marker move? **Spoiler Alert!** Check Event Card No.15.
- **FAQ:** What is the significance of the '*' and '?' on 2 of the counters?
See Alternative Rules Card. '*'= optional counter. '?'= Unpredictable Levy Troops.
- **FAQ:** How do Banners gain and lose strength?
See player aids
AOT. 1. Defense Outcome Table
AOT. 2. Raid Outcome Table
AOT. 3. Sortie Outcome
- **FAQ:** How are Mahdist Banner Strength Levels increased? **Spoiler Alert (again)!** Check Event Cards No.7, 9 and 18.

- **FAQ: How are Levies used?**

See rule 2.3 Game Counter - Combat Units. As mentioned in the rules Levies are troops, so basically you can use them as...troops.

Also see rule 6.3 for Levies.

Note: When placing Levies, they must be combined with other units, they cannot be placed alone in an area.

- **Erratum:** The second paragraph of rule 6.7 (page 8) should read: 'Place up to 4 infantry units (Egyptian, Sudanese, Bashi Bazouks or Levies) per Area from the Available Troops Box. **Non-Professional Troops (Levies) cannot be placed alone in an Area. They must be placed with at least one Regular Troops Unit.**

Correction to AOT 9. Friendly Actions Requirements Summary Table

- **Correction:** In first line (Improving Fortifications Levels), third column (RP or CM Cost) of the table replace: '1 RP per level (Max. 4 RP/Turn)' by '1 RP per **marker** (Max. 4 RP/Turn)'.

Addendum to Event Card No.18 'All-out Assault'

- **Card text:** After 'Activate all Banners instead!' add 'In the following order: Green Banner, White Banner, Black Banner, Red Banner'.

Correction to Event Card No.1 'Parley'

- **Card text:** Replace 'If you get an 11 or 12 result' by 'If you get a result of **11 or more**'
- **Card text:** Replace 'If you get a 2 or 3 result' by 'If you get a result of **3 or less**'.
